At Diamonds International every love story sparkles

It's a special couple who finds their way to a Sandals Resort. The Caribbean is bursting with sugar white beaches caressed along turquoise waves that seemingly whisper paradise found. What sets the Sandals guest apart is a world-traveler mystique borne of inscrutable sensibilities in all things beautiful.

#### What Connoisseurs Know

Diamonds International--the most recommended store in the Caribbean, understands this sense of style. They open up a world of luxury watch and jewelry brands just minutes from these pristine beaches. Connoisseurs have been buying jewelry in the Caribbean for decades. The selection--the quality--and value in a Duty Free destination make buying couture jewelry at Diamonds International the obvious choice.

#### So Many Choices . . . So Much Sparkle

A dazzling array of superb loose diamonds including the Crown of Light premium cut diamond is unrivalled anywhere in the islands. Famed designers present artful jewelry to the world's most discerning collectors; all within the luxurious Diamonds International showroom.

Experience the dedication to craftsmanship and style found in each collection featured at Diamonds International. Your only dilemma will be in selecting the jewelry or timepiece from the abundance of offerings presented. To make sure an item is right for you--the knowledgeable and friendly staff will guide you through a diamond tutorial or even a brand comparison for jewelry that reflects your cultivated taste.

#### Capture Your Love Story

Modern-day romance finds its full expression at a Sandals Resort. The serene natural surroundings seem to slow the hours of the day so you can reconnect and focus on what's important to your love story. If you long to cherish your island experience---visit Diamonds International. Let them create an extraordinary piece of jewelry that represents your carefree days in the sun--in love together--forever. -
